SUMMARY

Marketing Automation professional with 2+ years of experience in email marketing, lead generation, lead nurturing, audience segmentation, personalization, and campaign execution. Hands-on experience with Salesforce Marketing Cloud Account Engagement (MCAE/Pardot), Engagement Programs, landing pages, forms, and Data Cloud segmentation. Experienced in client communication, independent ownership of deliverables, and cross-functional collaboration, with a strong track record of delivering high-volume campaigns with accuracy and quality.

EDUCATION

Gobi Arts and Science College, Gobichettipalayam

B.Sc. Information Technology, CGPA: 8.0

2020 – 2023

EXPERIENCE

Email Marketing Specialist

May 2025 – Present

VERTICURL

Coimbatore, Tamil Nadu

- Manage end-to-end lead generation and lead nurturing campaigns across emails, landing pages, and forms, from requirement analysis through final deployment.
- Design and execute Engagement Programs to support structured lead nurturing journeys and audience engagement.
- Develop personalized email communications using audience attributes and defined segmentation criteria to deliver targeted content.
- Work extensively with MCAE/Pardot segmentation, translating campaign requirements into targeted audience segments for email activation.
- Support the transition of MCAE segments to Data Cloud, validating segmentation criteria and ensuring accurate audience mapping.
- Manage complete email campaign operations, including content implementation, personalization, links, forms, landing pages, segmentation, testing, QA, and deployment readiness.
- Communicate directly with clients and stakeholders to understand requirements, resolve campaign-related queries, and ensure deliverables meet expectations.
- Independently manage multiple campaign deliverables while collaborating with cross-functional teams and maintaining strict timelines.
- Consistently deliver high-volume email campaigns with zero-error execution, maintaining quality and reporting accuracy.
- Spotlight Award – FY26 Q1: Recognized for delivering up to 10 email campaigns per day with zero-error execution and accurate reporting.

Front-End Developer

May 2024 – May 2025

MAGIVA TECHNOLOGY

Erode, Tamil Nadu

- Developed responsive web interfaces using React JS, HTML, CSS, and JavaScript.
- Built reusable UI components and implemented responsive functionality based on business and design requirements.
- Debugged front-end issues and collaborated with development teams to deliver projects within defined timelines.
